

Easy Guide Delivering the Supervised Consumption service

The supervised consumption service requires you to register a client to your pharmacy. The benefit of this is one registered, you only need to enter their supervision details each month, rather than having to enter everything, every month.

To register the client

1. Name
2. Date of Birth
3. Gender
4. Ethnicity
5. Post Code

Once registered, use the 'claim service' to submit your claim each month.
