

**YES**

**Does the young person already have a C Card?**

**NO**

1. Do they have any questions? Do they require anything else today?  
\*Please offer Chlamydia test\*
2. Complete any actions or referrals required
3. Place a mark in one of the boxes to indicate you have issued condoms. If the C Card/ fob is now full, advise young person that they will need to go to a **registration venue** for another card
4. Give the young person their condoms
5. Complete data on Pharm Outcomes

Please signpost the young person to a local **registration venue**.  
Information can be found on

[www.safebanes.com](http://www.safebanes.com)

**Always consider any safeguarding issues with young people and ensure they are appropriately signposted.**

**REMEMBER:**

**Young people might not necessarily be sexually active when seeking condoms.** Having condoms is about being prepared, getting used to condoms and knowing how to use them for when they are *ready* to have sex.

**Always consider any safeguarding issues with young people and ensure they are appropriately signposted**
